

C02 Emission story

Counties Emitting Highest Co2	Total Co2 Emission From 1975 to 2020	Total Co2 Emission by Continents	Co2 Emission due to Internal Reasons	Co2 Emission due to External reasons	Continents contribution due to coal Co2 Emission	Continents contribution due to cement Co2 Emission	Continents contribution due to Gas Co2 Emission	Continents contribution due to oil Co2 Emission	Co2 emission over past 10 years
-------------------------------	--------------------------------------	----------------------------------	--------------------------------------	--------------------------------------	--	--	---	---	---------------------------------

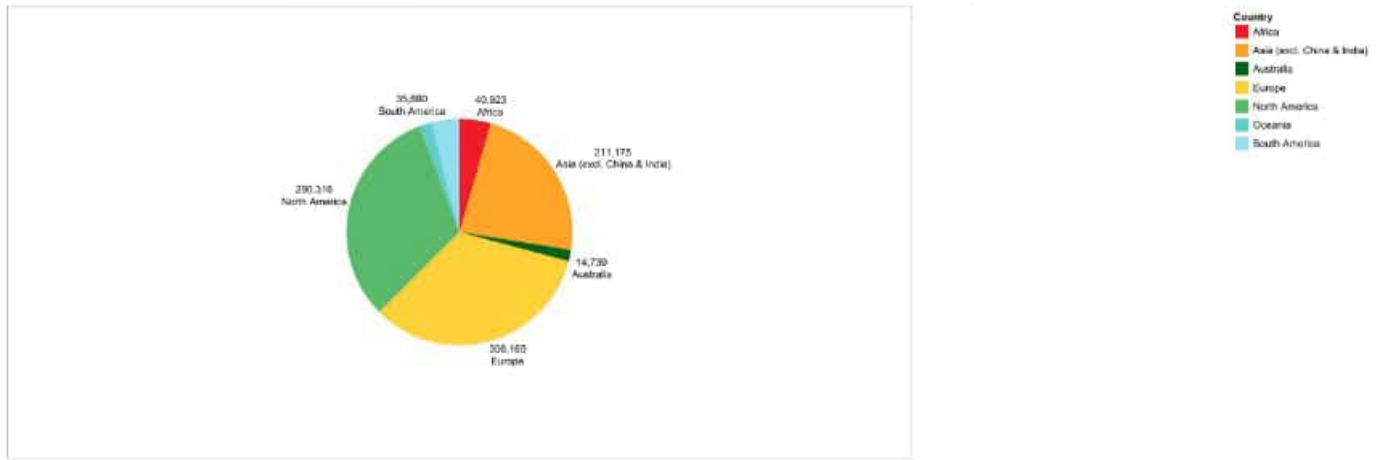

C02 Emission story

- Counties Emitting Highest Co2
- Total Co2 Emission From 1975 to 2020
- Total Co2 Emission by Continents
- Co2 Emission due to Internal Reasons
- Co2 Emission due to External reasons
- Continents contribution due to coal Co2 Emission
- Continents contribution due to cement Co2 Emission
- Continents contribution due to Gas Co2 Emission
- Continents contribution due to oil Co2 Emission
- Co2 emission over past 10 years

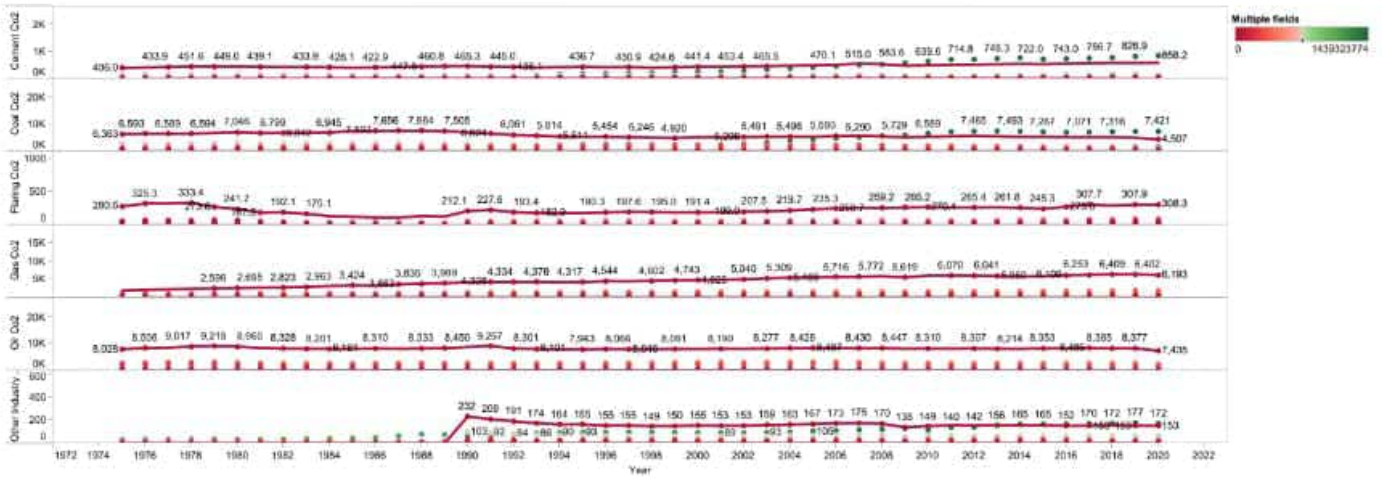

C02 Emission story

Countries Emitting Highest Co2	Total Co2 Emission From 1975 to 2020	Total Co2 Emission by Continents	Co2 Emission due to Internal Reasons	Co2 Emission due to External reasons	Continents contribution due to coal Co2 Emission	Continents contribution due to cement Co2 Emission	Continents contribution due to Gas Co2 Emission	Continents contribution due to oil Co2 Emission	Co2 emission over past 10 years
--------------------------------	--------------------------------------	----------------------------------	--------------------------------------	--------------------------------------	--	--	---	---	---------------------------------

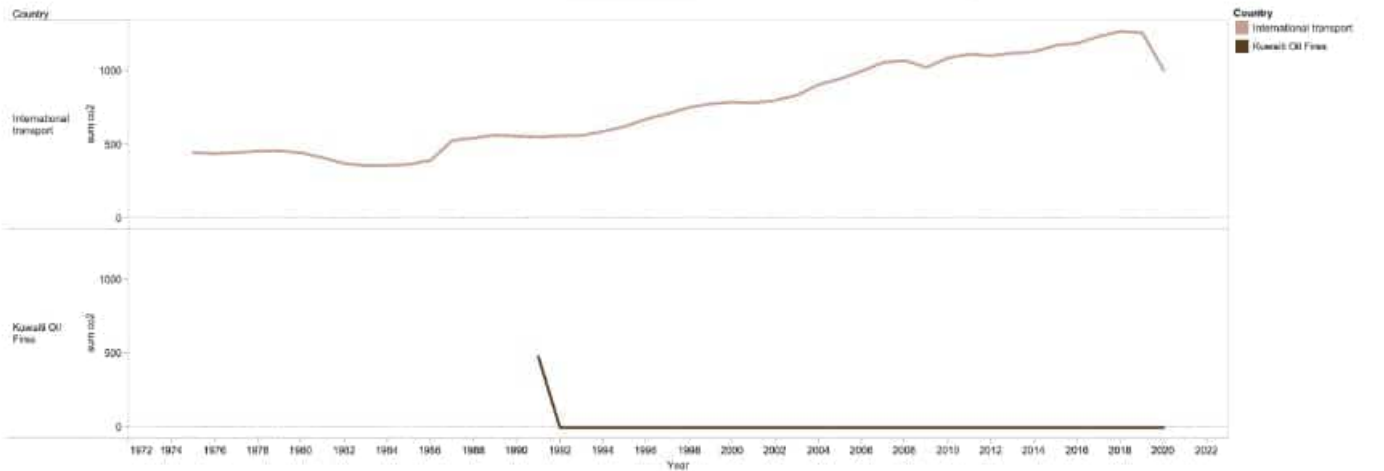

C02 Emission story

Countries Emitting Highest Co2	Total Co2 Emission From 1975 to 2020	Total Co2 Emission by Continents	Co2 Emission due to Internal Reasons	Co2 Emission due to External reasons	Continents contribution due to coal Co2 Emission	Continents contribution due to cement Co2 Emission	Continents contribution due to Gas Co2 Emission	Continents contribution due to oil Co2 Emission	Co2 emission over past 10 years
--------------------------------	--------------------------------------	----------------------------------	--------------------------------------	--------------------------------------	--	--	---	---	---------------------------------

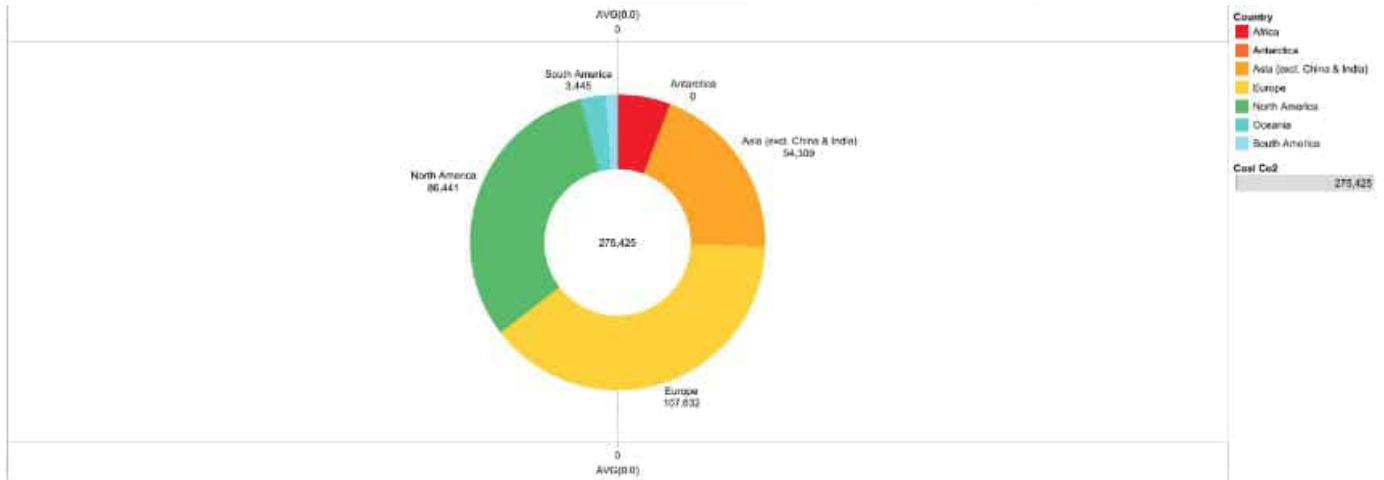

C02 Emission story

Countries Emitting Highest Co2	Total Co2 Emission From 1975 to 2020	Total Co2 Emission by Continents	Co2 Emission due to Internal Reasons	Co2 Emission due to External reasons	Continents contribution due to coal Co2 Emission	Continents contribution due to cement Co2 Emission	Continents contribution due to Gas Co2 Emission	Continents contribution due to oil Co2 Emission	Co2 emission over past 10 years
--------------------------------	--------------------------------------	----------------------------------	--------------------------------------	--------------------------------------	--	--	---	---	---------------------------------

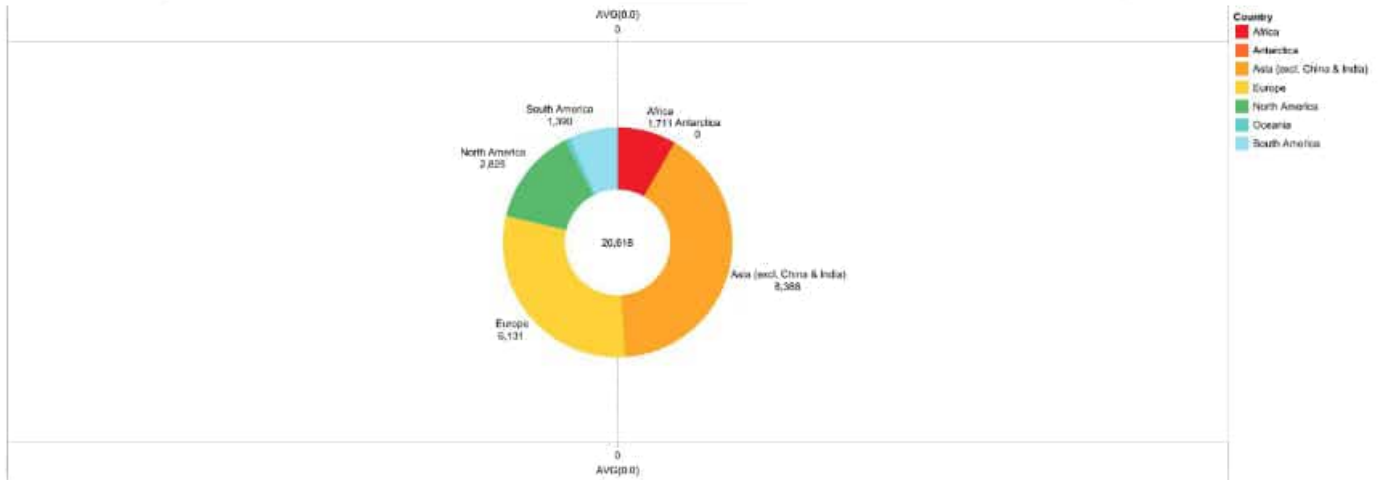

C02 Emission story

Country Emission	Total Co2 Emission From 1975 to 2020	Total Co2 Emission by Continents	Co2 Emission due to Internal Reasons	Co2 Emission due to External reasons	Continents contribution due to coal Co2 Emission	Continents contribution due to cement Co2 Emission	Continents contribution due to Gas Co2 Emission	Continents contribution due to oil Co2 Emission	Co2 emission over past 10 years	Co2 emission India vs
------------------	--------------------------------------	----------------------------------	--------------------------------------	--------------------------------------	--	--	---	---	---------------------------------	-----------------------

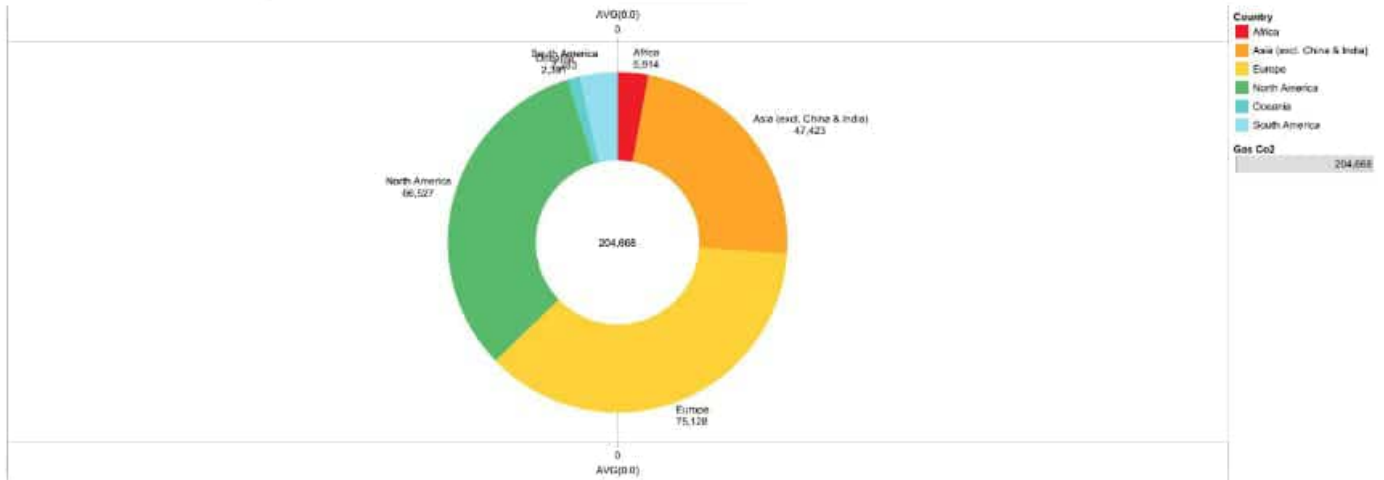

C02 Emission story

Total Co2 Emiss.	Total Co2 Emission by Contingents	Co2 Emission due to Internal Reasons	Co2 Emission due to External reasons	Continents contribution due to coal Co2 Emission	Continents contribution due to cement Co2 Emission	Continents contribution due to Gas Co2 Emission	Continents contribution due to all Co2 Emission	Co2 emission over past 10 years	Co2 emission India vs United States	Overall co contribution by Indi...
------------------	-----------------------------------	--------------------------------------	--------------------------------------	--	--	---	---	---------------------------------	-------------------------------------	------------------------------------

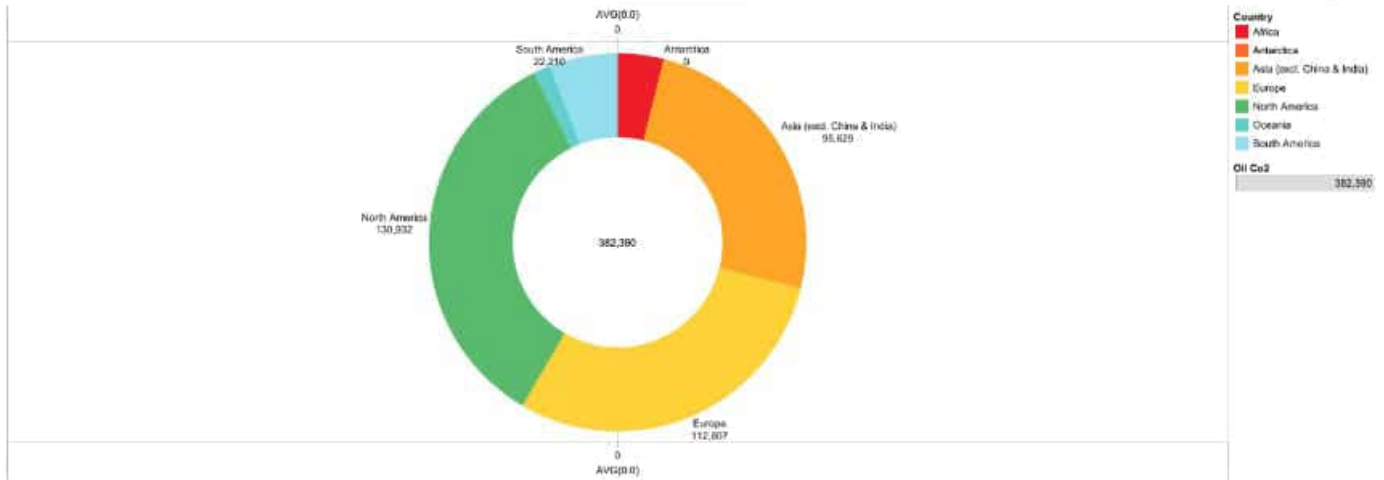

C02 Emission story

Total Co2 Emission	Co2 Emission due to Internal Reasons	Co2 Emission due to External reasons	Continents contribution due to coal Co2 Emission	Continents contribution due to cement Co2 Emission	Continents contribution due to Gas Co2 Emission	Continents contribution due to oil Co2 Emission	Co2 emission over past 10 years	Co2 emission India vs United States	Overall contribution by India and China in Co2 Emission	Contribution by India and China in Co2 Emission
--------------------	--------------------------------------	--------------------------------------	--	--	---	---	---------------------------------	-------------------------------------	---	---

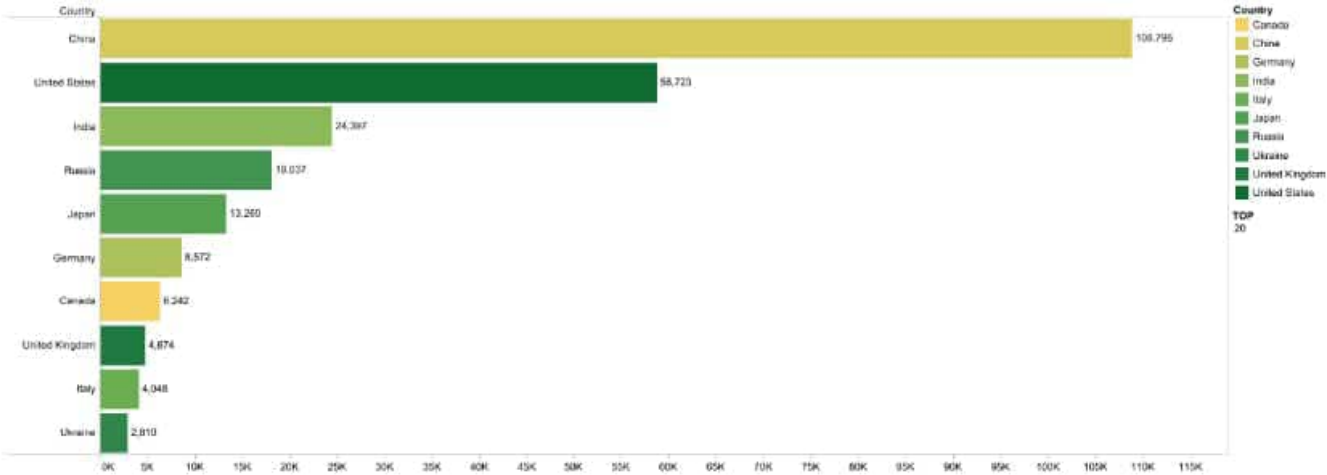

C02 Emission story

Co2 Emission due to External reasons	Co2 Emission due to External reasons	Continents contribution due to coal Co2 Emission	Continents contribution due to cement Co2 Emission	Continents contribution due to Gas Co2 Emission	Continents contribution due to oil Co2 Emission	Co2 emission over past 10 years	Co2 emission India vs United States	Overall contribution by India and China in Co2 Emission	Cummulative Co2 vs Co2 per capita	Co2 emission in 2020
--------------------------------------	--------------------------------------	--	--	---	---	---------------------------------	-------------------------------------	---	-----------------------------------	----------------------

C02 Emission story

Co2 Emission due to External reasons	Continents contribution due to coal Co2 Emission	Continents contribution due to cement Co2 Emission	Continents contribution due to Gas Co2 Emission	Continents contribution due to oil Co2 Emission	Co2 emission over past 10 years	Co2 emission India vs United States	Overall contribution by India and China in Co2 Emission	Commulative Co2 vs Co2 per capita	Co2 emission in 2020
--------------------------------------	--	--	---	---	---------------------------------	-------------------------------------	---	-----------------------------------	----------------------

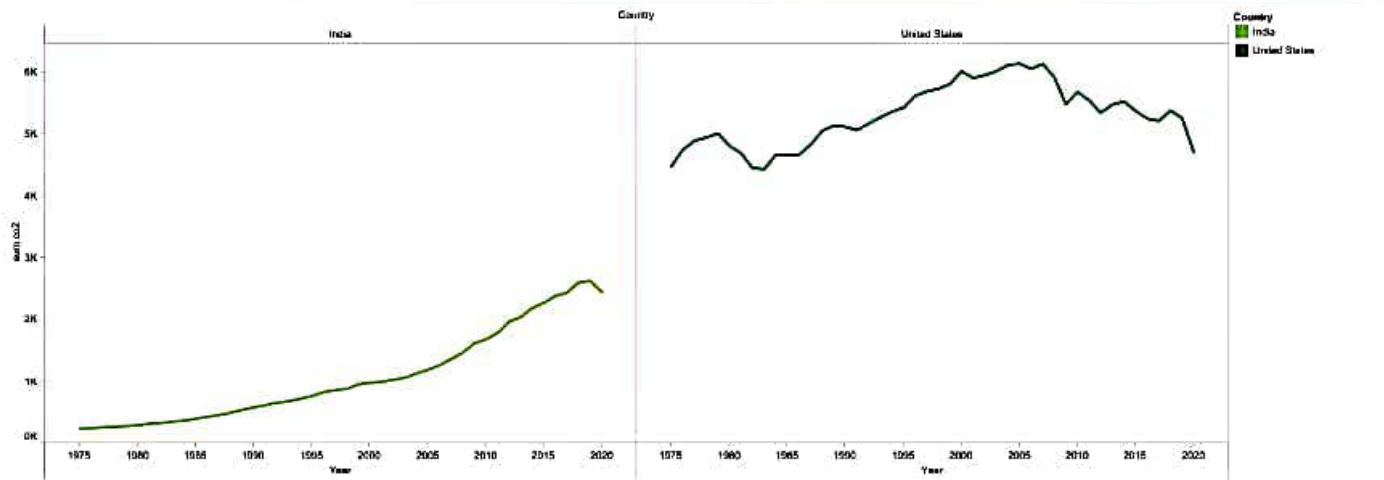

Country

- Canada
- China
- Germany
- India
- Italy
- Japan
- Russia
- Ukraine
- United Kingdom
- United States

TOP 20

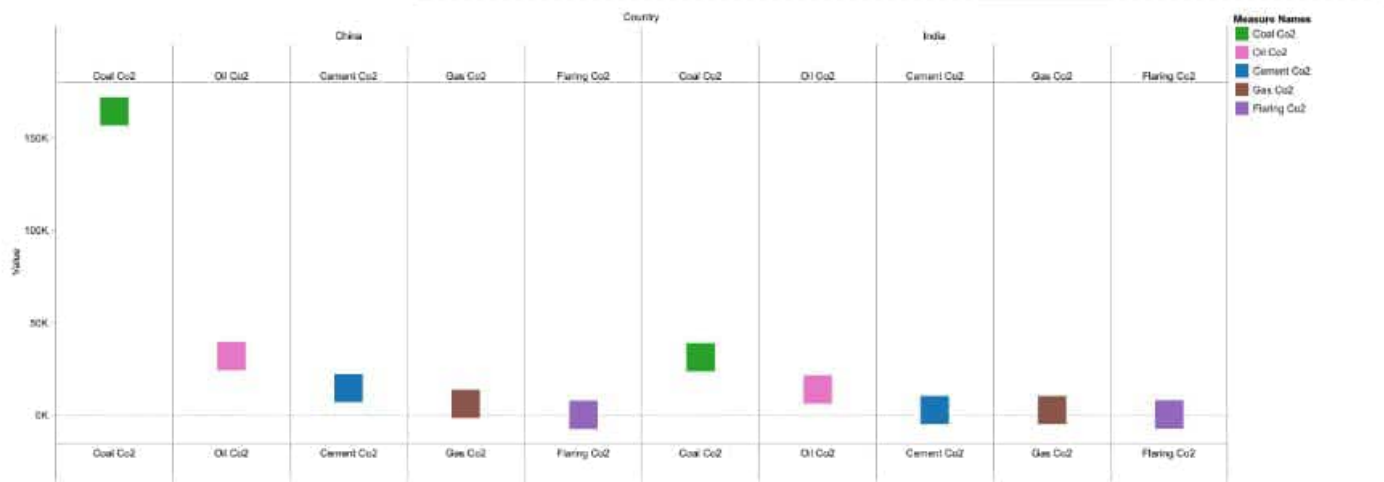

C02 Emission story

- Co2 Emission due to External reasons
- Continents contribution due to coal Co2 Emission
- Continents contribution due to cement Co2 Emission
- Continents contribution due to Gas Co2 Emission
- Continents contribution due to oil Co2 Emission
- Co2 emission over past 10 years
- Co2 emission India vs United States**
- Overall contribution by India and China in Co2 Emission
- Commulative Co2 vs Co2 per capita
- Co2 emission in 2020

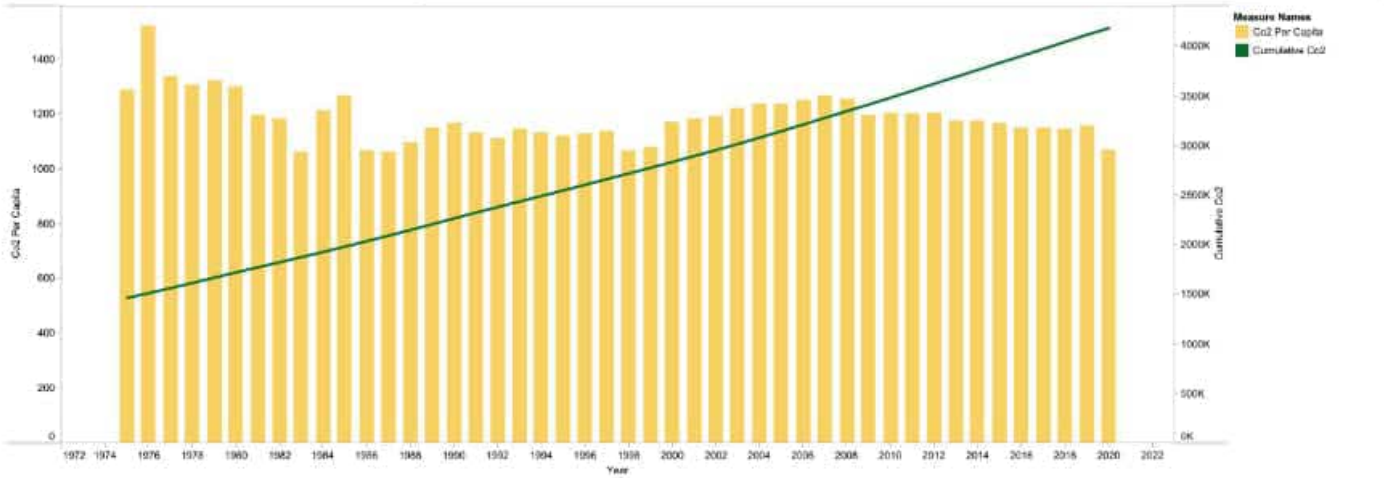

C02 Emission story

Co2 Emission due to External reasons	Contributes contribution due to coal Co2 Emission	Contributes contribution due to cement Co2 Emission	Contributes contribution due to Gas Co2 Emission	Contributes contribution due to oil Co2 Emission	Co2 emission over past 10 years	Co2 emission India vs United States	Overall contribution by India and China in Co2 Emission	Commulative Co2 vs Co2 per capita	Co2 emission in 2020
--------------------------------------	---	---	--	--	---------------------------------	-------------------------------------	---	-----------------------------------	----------------------

C02 Emission story

Co2 Emission due to External reasons	Continents contribution due to coal Co2 Emission	Continents contribution due to cement Co2 Emission	Continents contribution due to Gas Co2 Emission	Continents contribution due to oil Co2 Emission	Co2 emission over past 10 years	Co2 emission India vs United States	Overall contribution by India and China in Co2 Emission	Cummulative Co2 vs Co2 per capita	Co2 emission in 2020
--------------------------------------	--	--	---	---	---------------------------------	-------------------------------------	---	-----------------------------------	----------------------

C02 Emission story

Co2 Emission due to External reasons	Contributes contribution due to cool Co2 Emission	Contributes contribution due to cement Co2 Emission	Contributes contribution due to Gas Co2 Emission	Contributes contribution due to oil Co2 Emission	Co2 emission over past 10 years	Co2 emission India vs United States	Overall contribution by India and China in Co2 Emission	Commulative Co2 vs Co2 per capita	Co2 emission in 2020
--------------------------------------	---	---	--	--	---------------------------------	-------------------------------------	---	-----------------------------------	----------------------
